

Carrying Rear Passengers

In order to safely transport rear passengers, please check the following points and ensure your bike is equipped with the proper accessories.

Check Local Regulations

⚠ It may be illegal to carry passengers on a bike in your area even if it has been designed or configured to do so. Check your local regulations before carrying passengers.

Check Max Gross Vehicle Weight Limits

⚠ Please follow and check your bike's manual for information about maximum gross vehicle weight. (*Maximum gross vehicle weight is the total weight of the bike, rider, passenger, accessories, and cargo.*) Most riders can comfortably carry 80% of their weight. You should determine if you are comfortable carrying that much weight.

Wear a Helmet

Rider and rear passenger(s) are strongly advised to wear an approved helmet.

Do NOT Leave Children Unattended

Do not allow your children to climb onto the bike nor leave your children unattended on the bike, even if it is on the kickstand. Wriggling children can upset the balance of the bike and a fall may result in serious injuries.

Use Proper Equipment

⚠ The bike needs to have the following accessories installed in order to safely transport rear passenger(s).

- 1. Seating.** Purpose-built rear seating, chosen according to the passenger's needs

2. Handhold. Something for the passenger to hold on to, other than the bike itself
- 3. Foot support.** Fixed platforms or dedicated foot pegs on both sides of the bike

4. Foot and leg protection. Something to prevent feet and legs from getting caught in the spinning wheel

The illustrations above show a mix of suggested gear to safely carry passengers. Your combination of passenger accessories may differ depending on your needs. To learn more about to safely carry passengers on your bike, visit [ternbicycles.com/support](https://www.ternbicycles.com/support).

Follow Installation Procedures

Check to ensure accessories have been correctly installed and securely fastened before riding.

Use Accessories Properly

Our seating accessories are strictly for sitting. Using them to lift the bike will damage the frame and accessory.

Our rear handhold accessories are strictly for passengers to hold. Adding substantial weight on the top of or using the rear passenger handlebars to lift the bike will cause undue stress on the seatpost and handlebar.

Our foot support accessories are strictly for passenger use when SEATED. Standing on them is unsafe and may permanently damage the frame.

What's Included

- 1. Storm Shield Mini x 1
- 2. Roof Support Poles x 2

How to Assemble

How to Install

1. Install the Clubhouse™ Mini (sold separately)

2. Attach child seat or Clubhouse MadPad™

How to Install with the Storm Box™ Mini

- 1. Install the Clubhouse Mini and Storm Box Mini.
- 2. Install the child seat or Clubhouse MadPad before attaching the Storm Shield Mini.

How to Install with the Captain’s Chair™ and the Sidekick™ Joyride Bars

- Please note that the Storm Shield Mini may be used with the Captain’s Chair and Sidekick Joyride Bars setup if the rider is 170 - 190 cm (5’7” - 6’3”) tall.
- Ensure that the Captain’s Chair and the Sidekick Joyride Bars are at the same height.

How to Roll Up the Side Windows

Add Lights for Extra Safety

Additional Accessories (Sold Separately)

To Disassemble

When not in use, remove Storm Shield Mini from the bike and slide Roof Support Poles out from the center sockets in the roof.

To Store

Place the front panel over the rear to form a flat package. Please do not bend or twist the fiberglass poles that support the front and rear panels. This will damage the poles and cause them to break. To avoid losing a part, take care to store everything together.

⚠ The Roof Support Poles are not toys and are dangerous if swung around.

LIMITED PRODUCT WARRANTY INFORMATION: This Product comes with a ONE (1) YEAR Limited Warranty from the date of retail purchase by the original end-user. If a material or workmanship defect arises and a valid claim is received within the Warranty Period, this Product will be replaced. Mobility Holdings cannot be held liable for damages to personal property due to misuse or improper care and maintenance. This Product Warranty does not, under any circumstance, cover the replacement or cost of any third party product used with or connected to the Product.
